For less than the price of a cup of coffee or a newspaper a week...

You Can Help
Protect Your Rights and Improve the Lives of All Americans!

How much would you spend to protect your job and your family?

Over the years, Local 338’s PAC has made a difference for thousands of workers throughout New York State and even the country. Our PAC is used to support candidates and elected officials who support our values and prioritize the needs of Local 338 members. These elected officials are willing to fight for legislation that protects working men and women including:

- Raising the minimum wage
- Lowering taxes on the middle class
- Wage theft protection laws to punish employers who steal from their workers
- Strengthening protections on pension and Social Security to ensure that workers can retire with dignity

Your contribution to Local 338’s PAC gives you a voice in the political process. Turn that pocket change into big change!

To Join Local 338’s PAC, see your Union, Funds or Service Representative or contact our Political Department at 516-294-1338 ext. 274

Local 338’s Political Action Committee is supported entirely by voluntarily weekly contributions from our members.

“Bettering the lives of our members and all working people”
